Llectrically

The new Orthophonic Victrola may now be obtained with an electric motor which eliminates winding. You simply relax—and enjoy.

With the new Victor induction disc motor—smooth, allent, constant in speed; playing the Orthophonic Victorda is made more enjoyable than ever before. An electric motor never "runs down", You simply plug in at the nearest electric outlet. The instrument is always ready to play and stope playing at the end of each record. Electricity does the work for you.

Electrical equipment at slight additional cost, is an optional feature of every one of

the beautiful Orthophonic Victrola models, even those of lowest price. It is not an attachment. The electric motor is built-in just as spring motorsare.

It is difficult to imagine anything more entertaining—in the home—than a new Orthophonic Victrola. The principle of "Matched brings you real music, by real artists, a treasure house of exquisite treats, at your lessure. An unequalled repertoire.

On convenient payments at all His Master's Voice dealers. Models from \$1400 down to as low as \$115. Inspect them to-day.

Synopsis and second installment of RICHTHOFEN

Richthofen, the Kaiser's Deadliest Ace. Brought to Death, After 80 Victories, by the Canadian Boy, Roy Brown

Written by the Celebrated War Correspondent

FLOYD GIBBONS

SHORTLY before 1900 two baby boys were born on opposite sides of the world, one near Ottawa, Ontario; the other in East Frussia. Who living at that time could have believed that the Canadian baby would kill the German baby in a battle in the air above a farm in France, cocupied by Australian solders, who wore steel helmets? Airplanes had not been invented when these babies were born, and steel helmets had been long abandoned.

One of these boys was Baron Manfred von Richthofen, of a long line of Prussian nobles. His forefathers had worn the uniform of their king since the days of armor and chargers. They had nearly all been in the cavalry, because that was the aristocratic and dashing branch of the military

Young Richthofen went to the military schools and learned that peculiar arrogance which belonged to the lieutenation the days before the Great War. He was a lieutenant at twenty-one, and his soul went up every night in prayer for war.

went up every night in prayer for war.

The other boy was named Roy Brown.
He was born in Carleton Place, Ontario, a peaceful little town of 4,000 persons. His father was a business man. Roy played pool and baseball and went to high school. Saturday afternoon he spent tinkering with is filiver, and Saturday night, he took his girl out for a ride. When a Serviam kelled the Austrian Archduke in Serajevo, it didn't mean much to Roy Brown. Servia was vague in his mind, and Serajevo, he had never heard of.

It was different with Lieutenant von Richthofen. He knew enough about Eastern history to have the hope that the assassination would be the spark which would light the world in flame. His soul was battled in effable joy. At last, warl A few weeks later he was riding his Uhlans against Cossacks.

VON RICHTHOFEN

But science had passed up the horse. The cavalry couldn't stand engagements with modern weapons. A few months later he was at a school of aviation, and a few months later he was an ace, and a few months later he was at most of the work of the work of the was the most celebrated of the was the most celebrated of the was the most celebrated. of all the Kaiser's aces—the champion of the air, the Red Knight of Germany. He had shot down eighty planes, and been twice decorated by the German Kaiser in person.

decorated by the German Kaiser in person.
Meanwhile, changes had also come over
Roy Brown. He learned where Servia
was, where Sergievo was, and where Estgium was. He forgot the Toronto baseball team, took a private course in flying
and enlisted in the Royal Naval Flying
Corps, where he became Flight SubLieutenant Roy Brown. While he was
no Richthoften, he was an ace. He had
shot down twelve German planes, had
been decorated by the King of England,
and had been promoted to Captain,

Eate was brigning these hows from on-

Fate was bringing these boys from op-posite sides of the world nearer together.

posite sides of the world nearer together.
It was the twenty-first of April, 1918,
Richthofen was with his fighting squadron in the sky. He was on the tail of a
young man named May, who had spent his ammunition. His bullets were cutting
between the wings of young May's plane,
who was in his first air fight, when Roy
Brown dove upon the unseeing Richthofen
from behind. It was a long shot and had
to be a quick one or May was gone. One
bullet reached the flying Uhlan, piercing
his heart. He never knew what hit him.

This was the last builet which Brown ever shot at an enemy. He came to the ground, learned the identity of his quarry, and collapsed from over-strain. While the British soldiers gave Richthofen a beautiful and chivalrie funeral. Brown lay unconscious in a hospital, suffering from an attack of hysteria which left him never the same man again.

NOTICE

Ready for **Prompt Delivery** THE crowning triumph of 13 years continuous The crowning trumpn or 13 years continuous progress... a great new automobile so arresting in appearance, performance and staunchness that it marks the opening of a new era of luxurious transportation at low cost... the New, Bigger and Better Chevrolet is here.

Chevrolet is here.

Built on a 107-inch wheelbase . . . 4 inches longer than before the Bigger and Better Chevrolet is impressively large, low and racy. From the massive new radiator, the lines of the car sweep back majestically to blend into the graceful contours of the new Fisher bodies. Rich new harmonies of Duco colors add to the striking appearance. Deep plush upholsteries and handsome appointments are evidences of the superb quality everywhere apparent in its construction.

superb quality everywhere apparent in its construction. The newly improved Chevrolet valve-in-head engine . . . the result of years of study in the General Motors Research Laboratories and millions of miles of testing on the General Motors Proving Grounds . . . gives the Bigger and Better Chevrolet a new, spectacular performance which will thrill and delight you. Countless new refinements have been made throughout. Every modern quality feature has been incorporated

. . . new alloy "invar-strut" pistons, used here for the first time on any low-priced car . . . new crankcass breathing system . . . air cleaner and oil filter . . . vacuum fuel-feed system . . . safety gas tank in rear . thermostatic control cooling system etc. The chassis also has been redesigned.

As a result the New Chevrolet provides new, delightful smoothness over the entire speed range and wide margin of power for hills . . fashing **pcceleration**, more speed than you can use . . the safety of four-wheel brakes plus extra emergency brakes . . driving and steering ease . . and comfort over all roads at all speeds, due to extra-long, dual-action, shock-absorber springs.

The Bigger and Better Chevrolet sets a new quality standard for low-priced cars . . and a new economy standard for high-quality cars. Come in . . , see the car . . and learn how Chevrolet has once more revolutionized the motor-car industry by offering a bigger, better car at prices so low as to be positively astonishing.

The Bigger and Better Chevrolet now ready for immediate delivery.
